---

## Summary

Self-motivated robotics enthusiast with a strong passion for coding and technology, seeking a career opportunity in Robotics Education that offers skill development and growth. Eager to contribute personal strengths and professional skills gained from past experiences.

---

## Academics

### Admiralty Secondary School (ADSS)

*Jan. 2021 – Dec. 2024*

Achieved Edusave Scholarship in the year of 2021-2023

---

## Extracurricular Activities

### ADSS Robotics Club, President

*Apr. 2023 — Apr. 2024*

- Led an EXCO team of 11 members and worked closely with teachers to ensure the smooth operation of the club.
- Took charge of planning various events, such as Start Right Day, to help members bond with one another. Planned and set up booths for the School Open House and CCA Open House for the Secondary 1 students.

### ADSS Robotics Club, Member

*Jan. 2021 — Apr. 2024*

---

## Awards and Honors

### World Robot Olympiad (WRO) International Finals 2023 in Panama

*7 Nov. — 9 Nov. 2023*

Participated in the RoboMission Junior Category. Designed robots that solve challenges on a competition field. Where the Robots are fully autonomous. **Rank 19<sup>th</sup> Globally.**

### First Lego League (FLL) 2022/2023 season

*Apr. 2023*

Engage in research, problem-solving, coding and engineering a robot that navigates the missions of a robot game. Achieved **2<sup>nd</sup> Runner UP (Secondary)** in **ROBOT PERFORMANCE AWARD**

---

## Skills And Interest

**Technical Skills:** Operating 3D Printers

**Languages:** English, Mandarin

**Interest:** Skateboarding, Badminton, 3D printing
